

Symbiosis Pediatric Therapy is one of the Greater Vancouver's largest private clinics which caters exclusively to neurodiverse children up to 18 years. We are located in 5 cities across Lower Mainland providing Clinic based, School as well as Home based Therapy services.

The Symbiosis Team ensures that every child enjoys a holistic, positive learning experience and achieve their fullest potential through fostering strong partnerships with parents/caregivers and collaborating seamlessly with our in-house multidisciplinary team of professionals of other specialisations, such as Occupational Therapists, Speech-Language Pathologists, Board Certified Behavior Analysts etc.

**We are current looking for two Speech & Language Pathologist/s to join our multi-disciplinary team, one of which will be in Abbotsford.**

**Qualifications and Experience:**

- Master's degree in Speech-Language Pathology.
- Registration with the College of Speech and Hearing Health Professionals of BC.
- At least one year of related clinical experience will be an asset.
- Eligibility for registration on the Registry of Autism Service Providers, British Columbia (RASP) is an asset
- Must be comfortable working independently in the clinic.

**Key Responsibilities:**

- Work with clients and their families to set Speech therapy goals which have targeted and measurable outcomes
- Provide direct service, consultation, mediation, and education to client, family, and community providers with a focus on maximizing a child's communication-verbal or non-verbal mode.
- Utilize research to establish and support evidence-based practice
- Provision of in-school consultations to teachers as and when needed

Senior speech therapists will be expected to take on supervisory and administrative roles in addition to clinical work

**Hours:**

We have full-time, part-time and contract positions available

Flexible work schedules available with additional options for completing the administrative part of the work (e.g., report writing etc.) from a home office.

Interested applicants, please email your application and CV (including your expected remuneration) to [info@symbiosispediatrictherapy.com](mailto:info@symbiosispediatrictherapy.com). We thank all applicants, however, only those shortlisted for interviews will be contacted.

This posting is open until filled.
