

The **Fraser Valley Child Development Centre** is a community based organization providing innovative, strength based, family centered services to children, youth and their families on the traditional, ancestral and unceded territories of the Stó:lō and Nlaka'pamux peoples. We are located in the beautiful Fraser Valley, close to nature and city. Our work focuses on child development – supporting, advocating, and empowering children and families. Services are delivered in a culture of excellence, diversity, and respect, with a focus on positive outcomes for each child, their families, our staff and our community. We believe in *“Helping Kids Shine”*.

The Fraser Valley Child Development Centre is a flexible, supportive employer that invests in the mental health, wellbeing, and professional development of our staff. We envision a diverse, inclusive workforce that reflects our communities and we encourage applications from members of groups that have been marginalized on any grounds.

We are currently seeking enthusiastic Speech-Language Pathologists who are interested in working with school-aged children and youth in full-time or part-time school year positions (FTE negotiable)

Position Summary

As a **Private School Speech-Language Pathologist** with the Fraser Valley Child Development Centre (FVCDC) you will be responsible for managing your caseload and utilizing evidence informed procedures to assess, plan and carry out speech-language programs either directly or through teachers, support staff or families. Our School S-LPs work collaboratively with childrens' school support teams to determine the best array and intensity of services for children based on the goals being targeted and the resources available. Our school clinicians work on a 10 month on, 2 month off work schedule to compliment school operation times. Our clinicians work from our offices located in Chilliwack or Abbotsford and they offer services out in private schools in these cities and in neighbouring communities.

Qualifications

- Master's Degree in Speech-Language Pathology
- Currently registered or eligible for registration with the College of Speech and Hearing Health Professionals of BC
- Experience working with children/youth as a student clinician or as a registered S-LP
- Education and experience working in Indigenous communities is an asset
- Ability to speak more than one language is an asset
- Valid driver's license and access to a vehicle for work

Why Join the FVDC?

- Comprehensive benefits package including extended health, dental and municipal pension plan
- Generous education funds (\$1000 yearly for full time staff), education time, and many learning opportunities within the organization
- Mentorship for new employees
- Opportunity to grow your career and skills by working with professionals who are excellent in their respective fields
- Work cell phone and laptop
- Mileage reimbursement and on-site free parking
- We are situated in British Columbia's beautiful Fraser Valley where you'll find some of the best outdoor recreation available while still having access to big city amenities in Chilliwack, Abbotsford, and Mission
- Vancouver is a short one hour drive from Abbotsford if you're looking to enjoy even more shopping, sightseeing, concerts, and night-life activities
